

Lunchie's Playdough

Easy and safe homemade playdough recipe

🕒 total prep and cook time - 10 minutes

ingredients

1 cup flour
2 tsp cream of tartar
1 cup water
1 tbsp Oil
1/2 cup salt
food colouring

directions

1. In a large bowl, combine all of your dry ingredients (flour, salt, cream of tartar) and mix well.
2. Mix food coloring with your water first. Then add the vegetable oil and water with food coloring to a large pot. Mix together.
3. Add the dry ingredients to your pot and mix well.
4. Cook over low to medium heat until the dough starts to form and becomes dry.
5. Once it starts to form a ball together and looks fully cooked, take off the heat. Let the dough cool first before touching.
6. Once cool, knead the dough for 5 minutes to make the dough soft.

If your dough is not soft, continue kneading for another 5 minutes. If you find it is still too dry add a little bit more oil and knead in.

notes

Wrap your playdough in saran wrap then store in an air-tight container. You'll notice that playdough will go hard if left out – so the less air that can get to the playdough when storing, the longer it will last!
